Dear Parents and Guardians,

Today, at 8.45 am in the church, the children experienced the story of Easter, tracing the steps Jesus took from Passion (Palm) Sunday to his Resurrection. A large number of parents joined them and shared this journey. The main events in the service were:

“On Passion Sunday, Jesus rode into Jerusalem to the cheers and welcome of the crowd. During the week he moved among the people telling them about the love of God. However, there were some people who planned trouble for Jesus.

On Holy Thursday, Jesus and the apostles gathered together to share a meal. At that meal, Jesus blessed the bread and shared it with his apostles saying, ‘This is my Body’. He then blessed the wine and shared saying ‘This is my blood’. We share in the body and blood of Jesus every time we attend Mass and celebrate the Eucharist. After sharing the meal with the apostles, Jesus went with them to pray in the garden of Gethsemane. There, soldiers came and arrested him.

On Good Friday, Jesus was whipped and crowned with thorns before he walked through the streets of Jerusalem to Golgotha where he was crucified. On his journey, he met his mother, Mary; had his face wiped by Veronica and was assisted by Joseph of Arimathea in carrying the cross before arriving at his place of execution.

After he died, his body was taken from the cross to a place of burial. Three days later, when his friends came to the tomb, he was gone. Jesus has risen from the dead.”

Many thanks to all who contributed to the Easter Raffle - the co-ordinators and creators of the beautiful prizes, those who donated and those who bought tickets. We were delighted to give a generous basket of Easter eggs to St Vincent de Paul to give to families who would not otherwise enjoy such fare.

Thank you to all those families that raised money for Project Compassion. St Andrew’s is pleased to forward $1,431.95 to Caritas Australia.

I wish you all a happy, fun-filled holiday with your families and hope you all return safely in Term 2.

God bless you,
Eileen Climo
Principal

VISION STATEMENT
St Andrew’s CPS offers an education that acknowledges, respects and nurtures the uniqueness of each person. Within a framework of Catholic values and teamwork, the students will be challenged and supported to recognise their gifts and develop their potential as they learn and contribute to their community.

SCHOOL MATTERS

MAKING JESUS REAL
SEARCH FOR THE SECRETS YOU HIDE

The Hussey brothers, Mike and David, are both graduates of Catholic primary and secondary schools in the northern coastal regions of Perth. In their wildest dreams neither would have believed while in Primary school that they had the talent that they later developed. I know that both of these men worked very hard at their cricketing skills. They trained and trained and trained! They repeatedly searched for the answers to little problems they encountered with their cricket and personal development. I can remember several years ago my son, Ben, who at the time loved his cricket, bowled a flipper to Mike in the nets at Joondalup and clean bowled him. Later on, Mike’s coach told me that he practised for two hours afterward in order that he lined his bat up correctly when a ‘leggy’ was bowled to him.

You have so many wonderful gifts (personality, studies, science, maths, music, craft, sports) that you don’t know you have. There are many stories of people developing different talents much later in life.

Question:
Do I have a favourite dream for myself? (Believe in the dream but don’t put too high expectations on yourself).
What are some of my dreams for the future?

UNIFORM SHOP OPEN ON MONDAY 19 APRIL
The uniform shop will be open on Monday 19 April between 10.00am – 12.00pm.

WEST PERTH FOOTBALL CLUB – APRIL HOLIDAY COACHING CLINICS

Recycling of Old Mobile Phones and Reading Glasses

If you have any old mobile phones or prescription glasses of any kind that you no longer need, could you please send them into school to your child’s classroom teacher. Many parts of mobile phones can be reused, and the spectacles are sent to third world
countries to assist those who suffer from poor eyesight. Recycle-Reduce-Reuse-Rethink.
